Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

Over the past seven years, I've worked with students from diverse academic backgrounds, guiding them through IB Biology, A-Level, and IGCSE curricula. My focus is on helping students grasp challenging concepts, ensuring they are well-prepared for exams. I have supported students aiming for top scores, and many have secured 7s and A* grades.

In addition to IB and A-Level, I've assisted students preparing for AP Biology and other international exams. My tutoring experience extends to working with students globally, providing them with the tools to succeed in their studies and develop a deep understanding of biology, ensuring their success both in exams and future academic pursuits.
