🎓 Qualified Teacher | University of Cambridge | MSc in Molecular Biology

With an MSc in Molecular Biology from the University of Cambridge and a BSc in Genetics from the University of Edinburgh, I bring 6 years of experience. I focus on IB Biology, IGCSE, and A-Level, covering genetics, biotechnology, and human physiology, and my students regularly achieve outstanding results.

Teaches: IB Biology A-Level Biology IGCSE Biology GCSE Biology AP Biology

Curriculum: IB A-Level GCSE IGCSE AP

## Qualifications

**University of Cambridge:** MSc in Molecular Biology (2015-2017)

**University of Edinburgh:** BSc in Genetics (2011-2015)

Vetted Tutor

## Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

## Tutoring Experience

With 6 years of experience tutoring IB Biology and other curricula, I have worked closely with students to help them succeed in exams and coursework. My expertise lies in genetics and biotechnology, and I have helped numerous students gain a deep understanding of complex concepts, ensuring their success in higher education.

Additionally, I have supported students in their Internal Assessments (IAs) and lab work, providing them with the tools they need to excel in practical and theoretical areas of biology. Many of my students have gone on to pursue careers in medicine, research, and related fields, thanks to the strong foundation we've built together.
