Tutoring Experience

I have worked with international students, helping them excel in subjects such as IB Theory of Knowledge, Global Politics, and IGCSE History. My students have achieved remarkable results in their exams, with many securing high grades and excelling in critical thinking. Working across various curricula, I've guided students in crafting successful IB essays and navigating TOK assessments.

In addition to my academic tutoring, I offer guidance in developing strong analytical and philosophical thinking skills. Whether preparing for exams or refining their essays, I ensure that students gain a deep understanding of the subject matter, setting them up for future success in their academic careers.
